

Kent Shepherd's Bush Seat

Kent
STAINLESS

The Kent Shepperd's Bush Seat KSBS1700 is a 1700mm long seat, suited to nice public parks and streetscapes. It has a Grade 316L Stainless Steel frame with heavy duty legs to prevent vandalism. The bench is manufactured with iroko timber treated with Danish Oil, this hardwood is used to give a contrasting finish to the seating area. The seat can come with optional armrests to ensure that it is suited to various locations.

This site can be visited at Shepperd's Bush, London.

Features:

- Grade 316L Stainless Steel
- Iroko Hardwood Timber
- Treated with Danish Oil
- 1700mm long

| Reference | Height | Width | Length |

Specify:

Kent Shepherd's Bush Seat KSBS1700; 1700mm x 820mm; Grade 316; Stainless Steel; Bright Satin Finish; Iroko Timber treated with Danish Oil

Stainless Steel Maintenance

Clean the stainless steel components using warm water with a mild detergent with a non abrasive cloth or sponge. Heavier stains may require the use of a nylon scouring pad or a stainless steel cleaner.

To remove paint or graffiti (or light concrete splashes) use a cloth and alkaline or solvent paint strippers according to type of paint. For Satin Finish Stainless try to follow the direction of the grain when cleaning vigorously or polishing. For Bead Blasted Finish use a circular motion. Rust spots or 'tea stains' can occur on the surface of the material, these are normally caused by contamination from ordinary mild steel, particularly in areas where construction work has been undertaken.

Where contamination of the stainless has occurred from ordinary mild steel coming into contact with the stainless, use Rust Remover 410. In cases where the surface is severely stained as a result of severe environmental conditions or scratched due to misuse, it may still be possible to restore the original finish using chemicals such as Oxalic Acid solution. There are many stainless steel polishes available to enhance the surface finish. We recommend Mister Stainless Ltd. as a provider for stainless steel cleaning products
