

Corporate Entrance Totem

Kent Corporate Entrance Totem KCET3900

Specify:

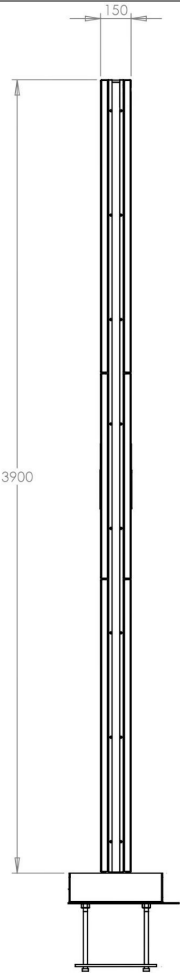

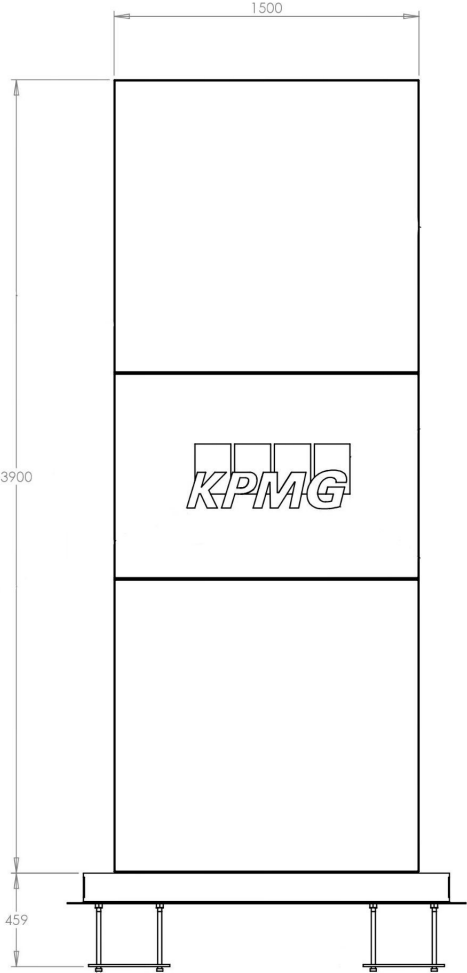

The Kent Corporate Entrance Totem KCET3900 is constructed from Grade 316L Stainless Steel, Powder Coated to corporate colours. It measures 3900mm high x 1500mm wide x 150mm deep. The central 1500mm x 1000mm panel is customisable to any logo – in this case Frosted Perspex Lettering stands proud of the background blue rectangular panels and is backlit with white LEDs. The monoliths were designed and manufactured for the refurbishment of the Stokes Place Headquarters of KPMG in Dublin in 2016. The Monolith comes with translucent colourless side panels which cover blue LED lighting strips.

Features:

- 316L Stainless Steel powdercoated
- Frosted Perspex 3D Logo
- Coloured Side Lighting
- Suitable for 2 stage fix and temporary base box
