

Cityscape Sculpture

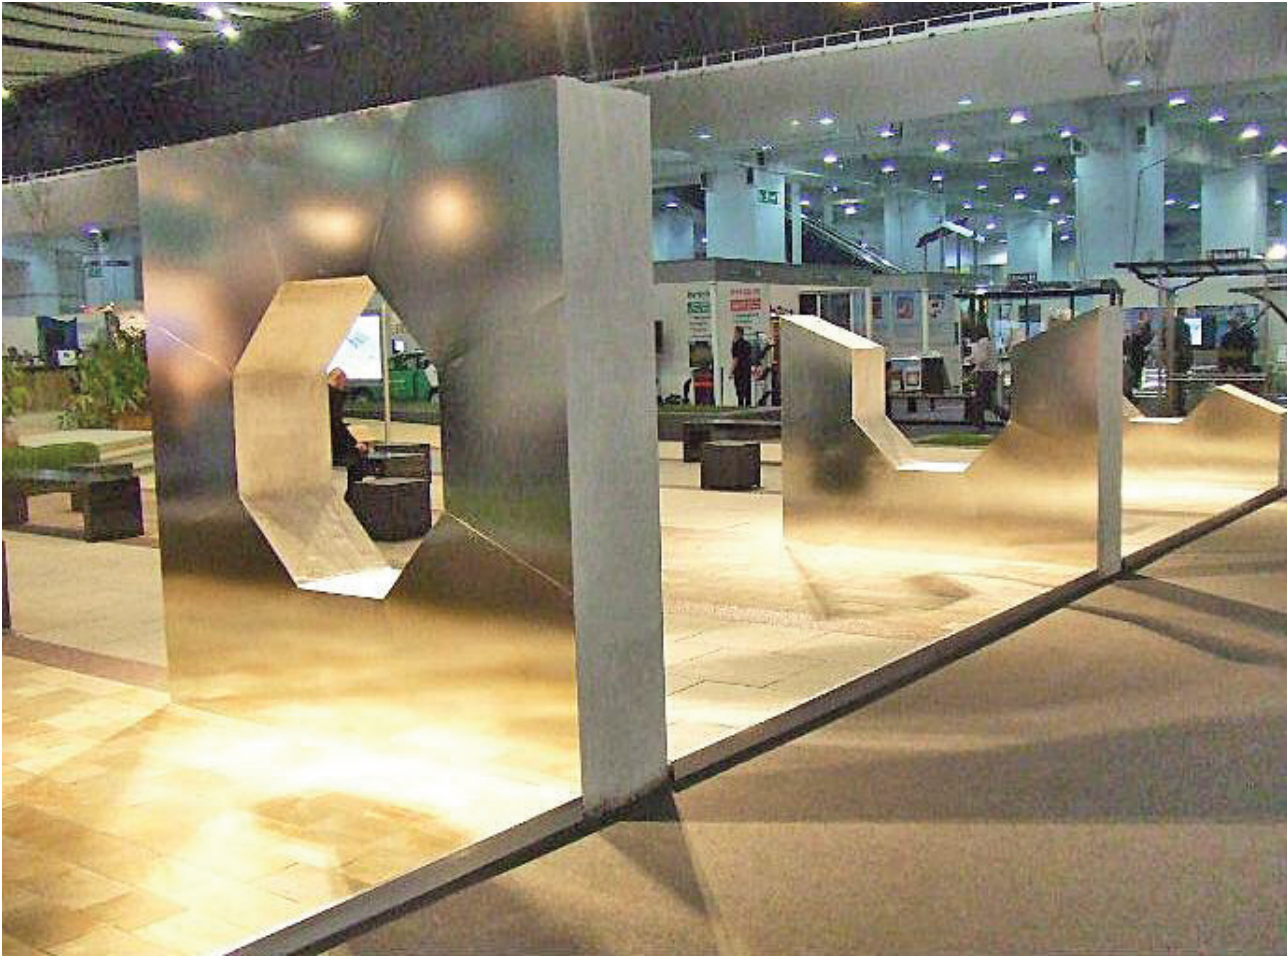

Earls Court, London

Architect: Whitelaw Turkington

In 2008 Whitelaw Turkington approached Kent Stainless to quickly manufacture and supply the finished cladding to fit to the precast concrete structure. The 2mm thick, electro polished cladding was supplied in sections and delivered to Earls Court for installation by local contractors. There was a 2 week turnaround from enquiry to finished product.

Outline of Project Requirements

- ❖ Grade 304 Stainless Steel
- ❖ 2mm thickness
- ❖ Electropolished finish
