

# Kent Greenwich Circular Bench

**KENT GREENWICH CIRCULAR BENCH KGCB-450**

The Kent Greenwich Circular Bench was designed for Greenwich Peninsula in London. This model is available in 304L and 316L Stainless Steel with Iroko Timber as standard with 3 coats of Danish Oil.

Our Greenwich Circular Bench is manufactured in 1555mm long Sections, which is then bolted into the ground and together. The frame is powder coated however multiple finishes are available. The overall dimensions can be adjusted to requirement.

The bench is standard 450mm above ground level with a buried flange, however, visible flanges are available.

The modular design allows for feature benches to be used around trees, planters or sculptures and lends itself to creating a curved seating area when required.

**Features:**

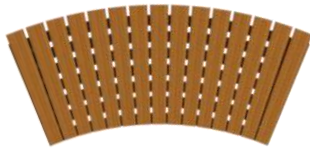

- 304L or 316L Stainless Steel
- Single, Quarter, Semi or Full benches available
- Modular design
- Buried flange
